

### **REMARKS/ARGUMENTS**

During a followup telephone interview, the Examiner requested the above changes to the instant Specification in order to more specifically recite pending claimed subject matter that the Examiner has determined to be otherwise less explicitly supported and allowable. Support for the amendment may be found at least in corresponding originally filed claims of the instant Application. Support was also already found to exist for all amendments made to the original claims.

At the Examiner's request, Applicant is first copying recited subject matter of requested allowable claims to the Summary section of the instant Application. Applicant is further amending the recited subject matter in an attempt to: (1) replace specific terminology in the claims with corresponding terminology in the originally filed claims; (2) change claim grammar in order to form separate sentences; and (3) remove legalese in order to conform to Specification requirements.

Two Amendment listings are therefore provided – the first listing showing changes made to copied text, and the second listing incorporating the changes shown in the first listing.

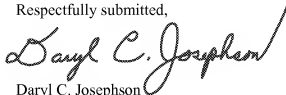

Applicant has attempted to be as accurate and transparent as possible, and the Examiner has already agreed that: (1) no disclosure, enablement, new matter or other issues exist – including taking into account the Amendment herein and the Claim Amendments already submitted; (2) the instant Application including all pending claims (not cancelled or withdrawn) is Allowable; and (3) the instant Application with the instant Amendments is proceeding to Allowance.

### **CONCLUSION**

In view of the foregoing, Applicant believes that the instant Application as further amended herein is in a condition for Allowance and an Action to that end is respectfully requested.

If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 650-631-4232 and/or email the undersigned at [djshome@pacbell.net](mailto:djshome@pacbell.net).

Respectfully submitted,

A handwritten signature in black ink that reads "Daryl C. Josephson". The signature is written in a cursive style with a long, sweeping horizontal line at the end.
